Observation Close Date:	16-Mar-2018	
Details of safety observation:	Injured party (IP) reported that he had sustained small cut to Right hand, third finger knuckle. There was a small amount of bleeding. Attended to IP - IP wiped cut (antiseptic wipe) and self applied plaster. Advised that IP should keep a watch on the cut and that it the plaster might need replacing (as cut across knuckle are easy to reopen. IP was unsure of exactly how he had sustained injury.	
Immediate action taken:	see above
