| Observation Close Date: | 14-Jul-2020 |
| Observation Category: | Tools and Equipment Safe / unsafe condition |
| Details of safety observation: | On last weekend, I saw my neighbor using a pressure washer to clean his driveway and I noticed that he was only wearing his flip flop and shorts. |
| Immediate action taken: | I immediately waved and tried to have his attention, I told him that it's not safe to wear shorts and flip flop when he is using this kind of machine, especially the pressure is so high, and it will spray on his foot in accident and will be seriously injured. My neighbor heard what I said and he immediately went back home to put on shoes/boot, he said he didn't realize the pressure will be high even it's just washer. |
