Details of safety observation:	The ice was not salted or sanded in the morning and, even though I was taking care on the ice, I slipped and fell. I was injured with two small open wounds on my knee. I contacted Shiju Devassy with Office Services, and he contacted building maintained to have the situation fixed. I used the office first aid kit, and found that the alcohol swabs were dry. I also let Shiju know.
Immediate action taken:	Shiju Devassy contacted the building manager, and has put in a request for the first aid kit to be looked at.
