<b>Details of safety observation:</b>	FRA Observation of 06/01/2016 during SOR with Geert Dhollander Worker was working on some formwork and some material (e.g. wood with nails) was stored near the walkpath without any barricade. Talking with the worker we found out that the worker had already asked for the barricade but he started anyway his activity. The worker agreed that it was better to first wait the barricade or to remove the material in another place.
<b>Immediate action taken:</b>	During the conversation with the worker the material was moved to a safer position. After 10 minutes a proper barricade was in place.
