<b>Observation Category:</b>	Travel and Safety away from the office Transportation
<b>Details of safety observation:</b>	Almost got rear ended by a car looking to quickly change lanes in the middle of traffic and they were so busy looking into the adjacent lane to see if they could pull out they weren't paying attention to me directly in front of them. They barely were able to change lanes without clipping my rear bumper.
<b>Immediate action taken:</b>	Simply to remain calm and focused on the traffic around me.
