<b>Details of safety observation:</b>	I stood up from my desk and turned to leave my desk and as I did so I tripped over the leg of my colleagues desk chair. Their chair not in use at the time and was fully tucked under their desk. I tripped due to the cramped space between my desk and the adjoining desks. Whilst I tripped I did not fall and did not injure myself.
<b>Immediate action taken:</b>	Checked that colleagues chair was tucked under their desk - it was.
