Stakeholder:	Wood
Observation Date:	25-Jan-2019
Observation Time:	17:30
Observation Close Date:	07-Aug-2019
Observation Category:	Work Environment Pedestrian routes (floors, stairs etc.)
Details of safety observation:	A lot of jay walkers in small groups walk along the roads occupying almost half of the drive way. They all appear to be from the same company and seen every day. They are seen walking along the left side of the road in the same direction of the evening traffic and sometimes cross the road abruptly. The issue is compounded by the several cabs parked on either side of the road. This may potentially cause accidents. In the past jay walkers were discouraged by security guards.; not seen anymore. May be taken up with the building authorities. Thanks.
Immediate action taken:	None.
