Observation Category:	Travel and Safety away from the office Transportation
Name of Individual or Team:	Jason Muhlbauer
Details of safety observation:	I noticed a very sharp dip in the road inside my subdivision around a manhole cover. I realized that the asphalt had sunk down about 6 to 8 inches within the past 2 weeks from all of the rain. The depression is clearly revealing eroding ground beneath, possibly even a sinkhole.
Immediate action taken:	I informed my HOA of the unsafe road condition so it doesn't pose a greater future threat.
